**Community Partner Discount Code Form**

Some organizations give discount codes to their staff, some 'gift' the codes to members in good standing, and some organizations have members reimburse them at their discretion. However you choose to do it, the participant will need the discount code to bypass the race entry fee at time of online registration and to count towards your required 10. Any participants you secure beyond the required 10 do not need a discount code and those beyond the required 10 will get you closer to winning!

**How it works:**

1. Complete form below. **NOTE: No refunds on race registrations including pre-paid discount codes.**
2. A discount code is created for your organization that allows 10 members to bypass the race entry fee during the online registration process. Discount codes **cannot** be used at race day registration.
3. Give the discount code to the 10 participants of your choice.
4. The discount code is entered on the last page of online registration which will allow the registrant to bypass payment.
5. Participants affiliated with your organization beyond the required 10 will not need a discount code and will pay the race entry fee accordingly (Adult \$45; Military/First Responder \$35; Youth \$15). They will select your organization from the drop-down menu during online registration and will count towards your grand total that puts you in the running for The Largest Pack or Fastest Pack.
